Latin America’s Energy: Trends, Direction and Investment Focus

WBG and KGGTF support many countries to increase access to power and meet their fast growing demand for energy by developing power generation capability through clean and renewable energy sources. KGGTF will host an interactive session at BixPO 2017 that will focus on Latin America’s Energy: Trends, Direction and Investment Focus.

Energy specialists and policy decision-makers from Peru, Argentina, Mexico, Brazil, Guatemala, Honduras, Nicaragua, El Salvador, Costa Rica and Panama; and technical experts from the World Bank will lead an agenda of dynamic presentations and panel discussions to explore trends, exchange first-hand experiences, share lessons learned and discuss future directions for Latin America’s energy sector.

For more information on KGGTF programs and funding, or for queries about grant applications, please contact the Country Management Unit at your local World Bank office www.worldbank.org

To update your email address or to stop receiving newsletter from KGGTF contact Na Kim, KGGTF at nkim@worldbank.org
